

SUMMER VILLAGE OF VAL QUENTIN WINDROW CLEARING POLICY

The Summer Village of Val Quentin is committed to delivering cost-effective services that best meet the needs of our taxpayers and community.

POLICY

All property owners that would like to have the windrow cleared from their driveway must mark the driveway with either a red ribbon or a sign stating “clear driveway”. Unless otherwise indicated, with signage, by the property owner, the windrows will not be cleared of snow on all driveways coinciding with the snow plowing of the road. Windrow removal service will be provided only when the windrow is an accumulated height of 6 inches or greater. No windrow removal service will be provided to residents who push snow from their driveways into the windrow for removal by the Village. The intent of the windrow removal service is to allow for vehicle passage. It is not the intent of the program to provide full clearing and cleaning of the entire width of a driveway, from edge to edge. Approximately 1-2” of snow will be left to avoid damage to driveway entrances.

PROCEDURE

Windrows will only be removed from the edge of the roadway inwards to a maximum of 4 feet and a maximum length of 20 feet. Property owners with rear entrances will have to post signage indicating that they want the driveway entrance cleared. Under no circumstance will the plow operator enter private property to clear windrows.

A \$200.00 fee shall be charged for having a special call out if the driveway windrow is not cleared at the time coinciding with the snow plowing of the road.
